

Same-Day Shipping
on Even More Products

How the Edge Program Delivers for You

The Fisher Scientific Edge program has been expanded to include even more ready-to-ship products and is **updated daily based on real-time inventory**. Just look for the **edge** icon on our website to instantly identify items that are available for standard same-day shipping when ordered by 2 p.m.*

We offer same-day shipping on products in a variety of categories, including equipment and instruments, life sciences, safety, chemicals, lab essentials, and more.

Faster sourcing

Order any product marked with the **edge** icon before 2 p.m. in your time zone, and it leaves the warehouse the same day; orders placed after 2 p.m. ship the next business day.†

Easier selection

Look for the **edge** icon — which confirms a product's availability‡ — in website search results. Filter on the **edge** icon under Special Interests to show only eligible products in your results.

Greater productivity

By prioritizing the products that customers like you use the most, the Edge program lets you spend less time procuring and more time making progress.

Visit fishersci.com/Edge or fishersci.ca/Edge to learn more and shop products.

*Exceptions may occur for orders placed very close to this deadline or those submitted via an eProcurement system.

†For customers with designated shipping days, Edge program items will continue to ship on designated shipping days.

‡Due to inventory demand fluctuations, some Edge products may not be available for same-day-shipping at the time you add to cart. Please rely on the live inventory feature on fishersci.com or fishersci.ca to confirm availability.

Availability checks are still required on products not identified with an **edge** icon to confirm that they qualify for same-day shipping when ordered before 2 p.m. (To see if a product is in stock on our website, enter a quantity on the page for the item in question and click Check Availability after logging in or entering your ZIP Code.)
