

## Common Issues Mean Hidden Risks - Does Your Facility Have a Problem?

Most facility and safety professionals are unaware of the testing requirements for emergency shower and eye wash equipment and have equipment that doesn't meet the ANSI/ISEA Z358.1-2014 standard. Our highly trained team can pinpoint your problems.

**MISSING &  
BROKEN PARTS**

**LACK OF  
WEEKLY  
TESTING**

**TOO MUCH  
PRESSURE**

**TOO LITTLE  
PRESSURE**

**UNEQUAL FLOW**

**CAN'T RUN  
SHOWER &  
EYEWASH  
SIMULTANEOUSLY**

## We Can Help

The Fisher Scientific channel and Haws® have partnered together to provide world class service options to you! We have three unique solutions to solve common emergency shower and eye wash problems and improve readiness and reliability.

**BEST**

### **HAWS SERVICES**

Save money & time with *Haws'* factory trained technicians. We service all brands and can complete any emergency shower and eye wash service need.

**BETTER**

### **FREE 1-DAY SURVEY (\$3,200 VALUE)**

Try before you buy! 1-day free survey helps pinpoint issues, root causes and provides troubleshooting advice (limit 30-40 units).

**GOOD**

### **ONLINE TRAINING**

Teach your staff how to properly inspect emergency shower & eye wash equipment with *Haws'* online competent inspector training.

# In An Emergency, It Has To Work Right

With over 70 years of experience in manufacturing high quality emergency shower and eye wash equipment, *Haws* knows that there is no substitute for reliability. Only *Haws* can provide the mix of products and services to ensure your equipment can provide proper emergency care.

## Drench Showers & Combination Units

(Loading Docks, Warehouses, Laboratories, Refineries, Manufacturing, Chemical)

## Faucet, Deck Mount & Wall Mount
