

GIBCO PROCESS LIQUIDS AND BUFFERS LIBRARY

Available in multiple formats—including ready-to-use liquids and concentrates

The Gibco™ Process Liquids and Buffers Library includes common solutions, concentrates, and powders, make to order (MTO) and available in multiple sizes to help accelerate your manufacturing process. Products from this library have established formulations and packaging options, including bioprocess containers (BPCs), and have been tested so you can order now with confidence.

Manufactured under Current Good Manufacturing Practice (CGMP) regulations, process liquids, concentrates, and packaged powders from this library can be used in a variety of upstream and downstream bioproduction applications. Discover new outsourcing efficiencies to reclaim time, space, and resources.
