Supply Arrangement Guide for the Government of Canada

Laboratory and Scientific Equipment, Parts, Accessories, Supplies, and Services

Supply Arrangement Number: E60PV-19EQUI/006/PV

Power conditioning equipment
Allied Electronics
Analytik Jena, U.S.
Cole Parmer
Cytiva
Fisher Scientific
Hoefer
Thermo Fisher Scientific

Laboratory blending and dispersing and homogenizing equipment and supplies
BioSpec Products
Branson Ultrasonic
Eppendorf Canada
Fisher Scientific
Kinematica
MP Biomedicals
Neutec Group
Omni International
Qsonica
Seward Laboratory
Sonics & Materials
SPEX SamplePrep
Troemner
Verder Scientific
Waring Products

Laboratory boring and grinding, cutting and crushing, and pressing equipment
Bel-Art
CoorsTek
Corning
E.R. Advanced Ceramics
Eberbach Corporation
Fisher Scientific
Foss North America
Fred S Carver
Humboldt
Perten Instruments
QCG Systems
Spectrum Laboratories
SPEX SamplePrep
Thermo Fisher Scientific
Verder Scientific

Laboratory electron and solid state physics equipment
Fisher Scientific
Omega

Laboratory ionic equipment
Fisher Scientific

Laboratory heating and drying equipment
Analytik Jena, U.S.
Binder
Boekel Industries
Cole-Parmer
Corning
Electron Microscopy
Eppendorf Canada
Fisher Scientific
Heidolph North America
Ika Works Inc
Lab Armor
Mortech Manufacturing
Oakton Instruments
Thermo Fisher Scientific
Troemner

Laboratory entomological equipment and accessories
Carolina Biological Supply
Eisco Scientific
Fisher Scientific
Greiner Bio-One

Animal laboratory equipment and accessories
Animal Identification
Becton Dickinson Canada
Bel-Art
Bio-Serv
Cadence
Dispomed
Fisher Scientific
Greiner Bio-One
Harvard Apparatus Canada
Innovive
Kent Scientific
Lomir Biomedical
Plas-Labs
Stoelting
Tecniplast USA

Crystallography equipment
ATS Scientific
Spectris Canada

Histology equipment
Boekel Industries
Corning
Cytiva
DWK Life Sciences
Epredia
Feather Safety Razor Co.
Fisher Scientific
Leica Microsystems Canada
MilliporeSigma Canada
Mopec
Mortech Manufacturing
Sartorius
Simport Scientific
Starplex Scientific

Laboratory cooling equipment
Buchi Corporation
Curran Taylor

Contract Procedures

Low Dollar Value Contract

Less than or equal to $100,000, all-inclusive (taxes included)

(a) Prior to issuing a contract, identified users must consult the Product and Discount list to determine which Supply Arrangement (SA) holders offer the type of product required.

(b) Identified users may, within its discretion, send a request for quotation to one or more authorized SA holders, as per client department guidelines.

(c) Before awarding the contract, identified users must consult the Product and Discount list to determine the discount applicable for each required product category or manufacturer from the chosen SA holder.

(d) Use the low dollar contract clause or the Simple Contract Template.

Medium-Complexity Bid Solicitation

Greater than $100,000 and less than $750,000, all-inclusive (taxes included)

(a) Identified users must describe the requirement, including specifications, criteria, quantities, and basis of selection.

(b) Identified users must prepare the Request for Proposal using the Medium-Complexity Bid Solicitation template.

(c) Identified users must consult the list of categories to determine which SA holders will be invited for the Request for Proposal based on the required equipment or products.

(d) The Request for Proposal will be sent by email to the person responsible for receiving a Request for Proposal resulting from an SA.

(e) Suppliers must be given at least 15 calendar days to bid.

(f) A Notice of Proposed Procurement (NPP) must be published on the Government Electronic Tendering Service (GETS) for at least 40 calendar days.

(g) The identified users will receive bids, evaluate proposals, and award the contract as per the Request for Proposal.

Medium- or High-Complexity Bid Solicitation

Greater than $750,000, all-inclusive (taxes included)

(a) Identified users must describe the requirement, including specifications, criteria, quantities, and basis of selection.

(b) Identified users must submit a signed 9200 requisition to Public Works and Government Services Canada (PWGSC) for processing.

(c) Identified users must provide a description of the requirement and technical evaluation to the designated Contracting Authority.

(d) PWGSC will prepare the Request for Proposal using the Medium- or High-Complexity Bid Solicitation template.

(e) The Request for Proposal must be sent to all SA holders by email and to the person responsible for receiving a Request for Proposal resulting from an SA.

(f) Suppliers must be given at least 40 calendar days to bid.

(g) A Notice of Proposed Procurement (NPP) must be published on the Government Electronic Tendering Service (GETS) for at least 15 calendar days.

(h) PWGSC will receive bids, Canada will evaluate proposals, and PWGSC will award the contract as per the Request for Proposal.

Requirements for Services Only

Less than or equal to $200,000, all-inclusive (taxes included)

(a) Identified users may, within its discretion, send a Request for Quotation along with a statement of work or a description of the service required, to one or more authorized SA holders who best meet the requirement.

(b) Use the low dollar contract clause or the Simple Contract Template.
